

Tip Top Meats

Located in Carlsbad Ca.

Tip Top meats established in 1967, is a meat market / restaurant, full of amazing meats and products from around the world. The owner “Big John” living in Germany, became a Master Butcher and sausage maker. After the war, Big John decided to pursue his dreams in America. His shop has become world famous and has a great reputation for fine quality meats and great food in the restaurant.

Big John became interested in our new TCM-65 bowl cutter after his old machine wore out. “We were looking for a high quality and durable machine. After the first day of use I fell in love with this machine” his words. Big John, as a restaurant owner has found more uses than we ever thought of. “We begin our early morning making bread crumbs, bacon bits, scrambled eggs, chopped vegetables and oh yes! Some of the best sausages you will ever find.” Big John calls the TCM-65 his “Magical money making machine” also he insists that “This machine is of equal or better quality of any European machine I have seen or used for a lot less money and recommend this machine to everyone.”
